

Refund Methods and Payment Rules

Document ID: RF-003 | Version 3.2 | Effective: 1 January 2026 | Department: Refunds

1. General Rule

Refunds are paid back to the original payment method whenever possible. This protects customers and complies with anti-fraud and banking regulations.

2. Method by Original Payment

Original Payment	Refund Destination	Alternative Option
Credit or debit card	Same card	Daraz Wallet (faster)
JazzCash / Easypaisa	Same mobile wallet	Daraz Wallet
Online bank transfer	Same bank account	Daraz Wallet
Daraz Wallet	Daraz Wallet	Not applicable
Cash on Delivery	Customer's bank or JazzCash/Easypaisa	Daraz Wallet

3. Collecting Bank Details for COD

For COD refunds the customer submits: account holder name, bank name, account number or IBAN (or mobile wallet number), and CNIC last 4 digits for verification. Incorrect details will delay the refund by an additional 5-7 business days. Daraz is not responsible for refunds sent to an account number entered incorrectly by the customer.

4. Refund Limits

- Wallet refunds: no limit
- JazzCash / Easypaisa refunds: up to Rs. 100,000 per transaction (higher amounts are sent by bank transfer)
- Cash refunds: not available

5. Currency and Fees

All refunds are in Pakistani Rupees (PKR). Daraz does not charge a refund processing fee. Any currency conversion or card fees applied by the customer's bank are outside Daraz's control.

6. Expired or Closed Payment Accounts

If the original card or account is closed, the customer should contact support within 30 days to provide an alternative method. Unclaimed refunds are credited to the Daraz Wallet after 30 days.
