

Return Shipping and Pickup Guide

Document ID: RT-003 | Version 3.2 | Effective: 1 January 2026 | Department: Returns

1. Pickup Options

Option	Availability	Cost
Rider pickup from address	Major cities (Karachi, Lahore, Islamabad, Rawalpindi, Faisalabad, Multan, Peshawar, Gujranwala)	Free for valid-reason returns
Drop-off at partner point	All cities with a pickup station	Free
Self-ship via courier	Areas without pickup service	Courier fee reimbursed up to Rs. 300 on approval

2. Scheduling a Pickup

After a return request is approved, the customer selects a pickup slot: Morning (9 AM - 1 PM) or Evening (2 PM - 7 PM). The rider makes up to 2 pickup attempts. If both fail, the return request is cancelled and must be raised again within the original return window.

3. Packaging Instructions

- Place the item in its original box where possible
- Include all accessories, manuals and free gifts
- Do not write on or tape over the original product box; use an outer bag or box
- Attach the return label printed or shown in the app to the outside of the parcel
- Keep the pickup receipt until the refund is completed

4. Tracking a Return

Return parcels can be tracked in My Orders > Returns. Statuses: Approved, Pickup Scheduled, Picked Up, Received at Warehouse, Quality Check, Refund Initiated, Completed.

5. Lost Return Parcels

If a parcel is lost after pickup, Daraz bears the loss. The customer's refund is issued on the basis of the pickup receipt and is not delayed by the investigation.

6. Quality Check (QC)

Quality check takes 2-3 working days from the time the parcel reaches the warehouse. The QC team verifies condition, accessories, serial numbers and matches the item to the original order. If QC fails, the customer is notified with photo evidence and may appeal within 3 days.
